

Career Opportunity

Sales Executive

Doncaster

Pennine Stone Ltd is one of the leading manufacturers of Cast Stone and GRC products in the UK, supplying many of this country's biggest housebuilding and construction companies. The company, part of the internationally successful Haddonstone Group, manufactures from a 6 acre site in South Yorkshire, and operates what we believe is the most technically advanced cast stone production facility in the UK. Pennine Stone Ltd consistently achieves the highest of quality standards for both product and service levels.

Pennine Stone Ltd wishes to strengthen and expand its sales function by the appointment of an experienced Sales Executive.

The successful candidate will have a proven track record of selling Cast Stone products, and will have substantial experience of winning, managing and developing the accounts of some of the largest housebuilders and constructors in the UK.

It is a requirement that the successful appointee will be able to contribute strategically to the success of the company, and the salary and benefits package will reflect that ability.

Apply, in the first instance, by email to Richard Walsh, Managing Director, at richardw@penninestone.co.uk.
